

Roads and Streets

Volume LXXVI, January-December, 1933

GENERAL INDEX

A			
American Association of State Highway Officials, Resolutions Adopted.....	400	search Now Under Way for Low Cost Road Work.....	338
American Road Builders' Association Convention, Memoranda on.....	93	Cement-Bound Macadam Pavement, Modern.....	117
Election of Officers.....	47	Clearing and Gubbing with Logging Power Unit.....	401
Major Subjects for Discussion at 1934 Convention.....	449	Coarse Aggregate—Batching Plant Operation.....	97
Plans for Chicago Meeting.....	440	Coarse Aggregate, Preventing Segregation of.....	402
American Society of Municipal Engineers—Officers and Activities.....	48	Coarse Aggregate Type Plant-Mix.....	137
Associated Equipment Distributors—Officers and Activities.....	48	Code of Fair Competition for Construction Industry.....	327
Associated General Contractors of America—Officers and Activities.....	49	Code of Fair Competition for General Contractors.....	329
Associations and Societies—Lists of Officers and Activities.....	48	Code—Sand and Gravel Code and the Contractor, Editorial.....	450
Asphalt—		Concrete, Cotton Fibre Pads for Curing.....	364
Characteristics and Use of Cutback Asphalts.....	19, 87	Concrete—Determining Yield by Density Method.....	120
Emulsified, Township Builds Low Cost Road with.....	204	Concrete Curing—New Method of Wetting Earth Cover on Concrete Widening Strip.....	258
Evaluation of Emulsified Asphalts for Road Building Purposes.....	150	Concrete Pavement—Device for Forcing Displaced Slabs into Position.....	394
Mixed-in-Place Construction Job in Michigan.....	313	Concrete Paving Projects, Twin Pavers Make Progress Records on.....	213
Asphalt Institute—Officers and Activities.....	50	Concrete Roads—Engineering and Grading Policies for Single Track Roads.....	21
Auroras that Accompany Certain Earthquakes, Editorial.....	123	Concrete Roads—New Finishing and Joint Installing Methods on Indiana Road.....	366
Automobile Industry in 1932—Statistics.....	127	Contractors Will be Affected by Currency Inflation, Editorial.....	450
Automobile Travel, Purposes of.....	230	Construction—Selling to Public Through a United Industry.....	113
B		Construction League of the United States—Number Organizations, Officers and Activities.....	48
Batching Plant Operation.....	97	Corrugated Pipe in Highway Drainage.....	31
Bidding—Showing How a Very Low Bid Does Not Always Mean a Heavy Loss.....	324	Costs and Expenditures for Highway Construction in Various States and Counties in 1932 and 1933.....	10
Bituminous Paver Sprays and Finishes Course Aggregate Type Plant-Mix.....	137	County Highway Maintenance, Equipment and Plant for.....	233
Bituminous Pavers' Industrial Association Formed.....	328	County Road and Bridge Expenditures Estimated for 1933.....	16
Bituminous Plant—Mixed Surface of Graded Aggregate Type.....	115	County Roads—Construction and Maintenance of Roads in Harris County, Texas.....	457
Black Top Construction in Western Nebraska.....	365	County and Township Roads.....	124
Black Top Job Completed in Quick Time, Book Reviews.....	161	164, 197, 233, 272, 309, 338, 373, 414, Currency Inflation Will Affect Contractors, Editorial.....	450
Borings—A Practical Method for Taking and Preserving Soil Cores.....	228	D	
Brick Pavement—Indian Jim Champion Brick Layer.....	398	Depression—Public and Private Indebtedness in Their Relation to the Depression, Editorial.....	232
Brick Pavement on Sand-Clay Base.....	217	Distributor News.....	136, 174
Brick Pavement Construction, Method of Removing Surplus Filler in.....	299	Dollar-Pegging, Editorial.....	413
Brick Pavements, Research on Fillers for Brick Pavements, Resurfacing.....	1, 2	Dragline Operation—a Tip.....	28
Bridge Maintenance Costs.....	316	Drinking Fountains—Simple Cardinal Principles for Roadside Drinking Fountains.....	259
Bridge Moving—Two Three-Span Bridges Moved in Six Hours.....	85	E	
Bridges—		Earthquake and Automobile Fatalities Compared, Editorial.....	163
Construction Methods on French King Bridge, Mohawk Trail, Massachusetts.....	332	Economic, Educational and Social Life—Meaning of Highways in.....	101
Design and Construction of Small Span Suspension Bridges.....	109	Economic Illiterates, Editorial.....	123
Erection Methods for 280 Ft Deck Truss Span Highway—Railway Bridge.....	304	Economic Problem of the 30-Hour Week, Editorial.....	307
Methods of Reconstructing Old Steel Bridges.....	236	Economic Stability and Public Works.....	427
Mixture of Asphalt and Cypress Wood Fibre Used as Flooring.....	344	Economics of Grade Reduction.....	404
New Toll Bridges Proposed at Grand Island, N. Y.....	155	Einstein, Newton Plus, Not Versus, Editorial.....	196
Ninety-five-Year-Old Covered Bridge, Operations of County Bridge Crew in Indiana.....	416	Editorials.....	45, 90, 122, 163, 194, 231, 270, 307, 337, 372, 413
Survey of the Toll Bridge Field.....	146	Electron Emission from Suns and Planets.....	367
Troy-Menands Bridge Has 341 ft. Movable Span.....	264	Electron-Shell Theory, Editorial.....	337
Welding Aids in Weight Reduction of Remodeled Bridge.....	432	Elevated Highway—Jersey City—Newark High Level Viaduct Pavement.....	430
Why Many Toll Bridges Should be Built Now.....	18	Elevated Highways—160 Mile Super-Highway Proposed for Chicago.....	433
Widening Old Timber Bridges Under Traffic.....	314	Elevated Highway on West Side of New York City.....	218
Brisbane, Arthur, Open Letter by H. P. Gillette, Regarding Railways and Highways.....	23	Elevating Grader Operation—Economics in Highway Construction.....	175
Business Cycles and Credit "Jags," Editorial.....	207	Emergency Relief—How the \$400,000,000 Highway Appropriation Will Be Spent.....	408
Business Indices, Illogical, Editorial.....	91	Employment—Number of Persons Employed on State Highway Systems in Federal Forests and Parks.....	78
Buses, Queer Street for, Editorial.....	372	Employment Stabilization—Highway Transport as a Factor.....	69
Buses, Statistics of, for 1932.....	127	Emulsified Asphalts (see Asphalt) Engineer—The County Engineer and County Leadership.....	130
C		Equipment and Materials on Display at 1933 Road Show.....	35
Calcium Chloride—Its Use to Secure Roadway Stability.....	184	Equipment and Plant for County Highway Maintenance.....	233
Calcium Chloride in the Curing of Concrete Pavements.....	264	Equipment Used in the Widening of Three-Mile Section of Roosevelt Road, 30 Miles West of Chicago.....	285
Calcium Chloride in the Stabilization of Low-Cost Roads.....	359	Explosives in Highway Fill Settlement Work in Rhode Island.....	249
Calcium Chloride Used for Ice Control.....	438	F	
California Highway Reconstruction.....	321	Farm-to-Market Road Problem, How Pennsylvania Is Solving.....	309
Car-Mile Costs, Road Up-Keep and.....	199	Farm-to-Market Road Program Suggested for Massachusetts.....	164
Cement—Should "Cut-Throat" Prices for Cement be Demanded? Editorial.....	196	Farmers' Interest in Adequate Highways.....	221
Cement—Will Portland Cement Prices Rise? Editorial.....	231		
Cement—Why Is It Sold F. O. B. Destination?.....	361		
Cement-Bound Macadam, Grout Flow in.....	453		
Cement-Bound Macadam—Important Re-			

Federal Appropriation—Apportionment of \$400,000,000 Road Fund Among States.....	263
Federal Appropriation for Roads, Editorial.....	194
Federal Appropriation, Rules and Regulations for Highway Work Under.....	261
Federal Public Works Program—Regional Advisors Appointed.....	300
Federal Rules Controlling the \$400,000,000 Road Construction, Editorial.....	271
Federal Rules Governing the Use of Machinery on Road Construction, Editorial.....	307
Fill Settlement—Report, Forms and Diagrams.....	34

G	
Gas Consumption and Truck Mileage.....	255
Gasoline Tax Diversion.....	9, 29, 71, 83, 86, 105, 114, 122, 372
Gasoline Taxes—Legal Encroachments on Industry.....	190
Gasoline Taxes and Motor Vehicle Registrations.....	252
Gasoline Taxes in 1932—Rates and Amounts by States.....	186
Geology—The Origin and Composition of Metamorphic Rocks.....	405
Geology—The Relation of Geological Formations to Road Material Surveys.....	301
Goggles as an Aid to Safety in Highway Construction.....	187
Grade Reduction, Potential Saving from.....	404
Grading—Heavy Work on Reconstructing an Important California Highway.....	321
Grading—Rough Grading on a Rocky Road.....	156

H	
Highway and Building Conference—Resolutions Adopted.....	73
Highway Construction Produces Railroad Traffic.....	142
Highway and Rail Development During Ten Years Compared, Editorial.....	92
Highway Research Board—Officers and Activities.....	49
Highway Transport—Its Importance as a Job Stabilizer.....	69
History of Early Street Paving.....	368

I	
Ickes, Federal Administrator of Public Works, Says "It Is Up to the Cities".....	355
Indebtedness—Public and Private Indebtedness in Their Relation to the Depression, Editorial.....	232
Indices of Business, Illogical, Editorial.....	91
Industry, Automatic Versus Planned Control of, Editorial.....	270
International Association of Public Works Officials—Officers and Activities.....	48
Inventors, Some Hints for, Editorial.....	195
Investment in Roads, Streets and Motor Vehicles.....	84
Iowa Counties, Secondary Road Construc-	

J	
Johnson, Dean A. N., Honored.....	100
Joint Installing Methods on Indiana Concrete Road.....	366
Labor—Special Provisions for Highway Projects Under Public Works Bill.....	256
Labor—Working Hours of Truck Drivers.....	289
Landscaping Public Roads.....	323
Legislation, Federal Aid.....	6
Legislation—Recent State Legislation Regarding Highways.....	183
Legislation—Summary of Motor Vehicle Legislation in 1933.....	441
Lighting Sodium Vapor Highway Light.....	296
Low Cost Asphalt Surface for Gravel Base.....	452
Low Cost Bituminous Surfaces, Improving.....	147
Low Cost County Roads.....	197
Low Cost Road Types—Laboratory Traffic Tests.....	415
Low Cost Roads—Graded Aggregate Types Discussed.....	94
Low Cost Road Work—Important Research Now Under Way in Cement Bound Macadam.....	338
Low Cost Rural Road System of Pennsylvania.....	373

M	
Machinery—Man Power and the Machine in Highway Work.....	268
Maintenance, Equipment and Plant for.....	233
Maintenance Practice on State Highways.....	21
Material Surveys and Geological Formations.....	301
Materials and Equipment, New.....	35, 51, 95, 132, 170, 209, 245, 281, 317, 351, 387, 421
Materials, Subcontracting in Procurement of.....	350
Mileage and Gas Consumption.....	255
Mileage of State Roads Surfaced in 1932.....	292
Mixed-in-Place Construction Job in Michigan.....	313
Mixed-in-Place Construction Job in Vermont.....	278
Money How to Restore "Velocity of Money Circulation," Editorial.....	194
Money—Relation of Money Wages to Per Capita Money for 40 Years.....	148

DETROIT MON.

Motor Vehicle Industry in 1932—Statistics	127	Rail and Highway Development During Ten Years Compared, Editorial	92	State and County—Administrative Relationship	79
"Mud"—A Song	493	Railroad-Highway Transportation Controversy—A Brief	60	State and County Highway Construction in 1932 and 1933	10
N.R.A.—		Railway Financial Distress—Real Cause	55	State Expenditures for Highways in 1932	380
Code of Fair Competition for Construction Industry	327	Railway Regulation, Henry Ford on, Editorial	231	State Highway Maintenance Practice	24
Code of Fair Competition for General Contractors	329	Railway Revenues—Their Enormous Growth in Face of Highway Competition During the Decade Ending in 1929, Editorial	90	State Highway Officials—Resolutions Adopted by	400
Federal Rules Controlling \$400,000,000 Road Construction, Editorial	271	Railway and Highway Industries, the Coming Battle Between, Editorial	45	State Road Mileage Surfaced in 1932	292
Federal Rules Governing Use of Machinery on Road Construction, Editorial	307	Railways and Highways—A Brief on the Transportation Controversy	60	States—Apportionment of \$400,000,000 Road Fund	263
Public Works Sections of National Recovery Act	253	Interest of Railways in Highway Construction	193	Steel—Cromancil—A New Alloy for Bridges	447
Rules and Regulations for Highway Work Under \$400,000,000 Federal Appropriation	261	Legislative Encroachment on Oil and Automotive Industries	199	Steel Founders' Society of America—Officers and Activities	50
The Sand and Gravel Code and the Contractor, Editorial	450	Motor Trucks, Milk and the Consumer	67	Steelwork—Accuracy for Highway Structures	392
Special Provisions for Highway Projects Under Public Works Bill	256	Real Cause of Railway Financial Distress	55	Striping—Traffic Striping Cost \$40 Per Mile	267
National Association of Builders' Exchanges—Officers and Activities	48	Will It Pay to Convert a Branch Line into a Highway? Editorial	337	Super-Highway Proposed for Chicago	433
National Bituminous Pavers' Industrial Association Formed	328	Railway Contribution to State Highway Mileage Insignificant	74	Suspension Bridges, Design and Construction of Small Span	109
National County Roads Planning Commission—Officers and Activities	49	Recovery Program, the Highway	395	Tarmac—A Mixed-in-Place Construction Job in Vermont	278
National Crushed Stone Association—Officers and Activities	49	Regional Highways, Social Factors in Development of	219	Tax Diversion	9, 29, 71, 83, 86, 105, 114, 122, 372
National Paving Brick Association—Officers and Activities	49	Registration of Motor Vehicles in 1932	127	Taxes—An Alternative to Diversion for Unemployment Relief, Editorial	122
National Ready-Mixed Concrete Association—Officers and Activities	50	Registration of Motor Vehicles by States in 1932	207	Taxes—Gasoline in 1932—Rates and Amounts by States	186
National Recovery Act, Public Works Section of	253	Relief Expenses, Road Jobs Reduced	167	Taxes on Gasoline	190
National Transportation Committee—Who and Why	60	Relief Men on County Road Work	255	Taxes on Gasoline and Motor Vehicle Registrations	252
Newton Plus, Not Versus, Einstein, Editorial	136	Relief Work—for What Kind of Public Works Is the Latent Demand Greatest? Editorial	194	Taxes—Let Us Have Straw Votes on Diversion of Gasoline Taxes, Editorial	372
Numbers for Highways—Uniform System in Minnesota	420	Research Information Service—Industrial Research Laboratories	100	Taxes on Motor Vehicles and Motor Vehicle Users in 1932	127
O		Research—Successful Research by a Tyro	431	Taxes—Railway and Highway	74
Oil Industry—Taxation and Legislative Encroachments	190	Research, Twelve Man-made, Obstructions to	297	Taxes in Wisconsin and Expenditures for Highway Purposes	224
Oil Mixed Surfaces in Higher Altitudes, Construction of	274	Research—When Researching, Ignore the Boundaries of Science	399	Technocrat Berates "The Price System," Editorial	45
P		Resurfacing with Black Top in Ohio	108	Traffic Control in Wayne County, Michigan	149
Patching Old Concrete Road	269	Road Builders News	47, 93	Traffic Line Practice in Great Britain	446
Patents, Recent United States Patents Relating to Roads	283, 319, 353, 389, 425, 462	S		Traffic Survey in Connecticut, 1931	208
Pavers—Twin Pavers Make Progress Records on Concrete Paving Projects	213	Safety in Highway Construction, Promoting	187	Traffic Tests—Laboratory Tests for Low-Cost Roads	415
Periodicals, 24,000 Scientific, Editorial	372	Safety—Making Night Driving Safe	227	Travel by Automobile, Purposes of	230
Plant Mix—Bituminous Paver Spreads and Finishes Course Aggregate Type	137	Sand-Lime Brick Association—Officers and Activities	49	Truck Association Executives of America—Officers and Activities	49
Portland Cement Association—Officers and Activities	50	School Teachers Would "Fire" Road Workers, Editorial	90	Truck Regulation and Completion with Railways	58
Power Shovel Equipped With a Giant Hammer	303	Science—Why Mechanical Successes Are Often Economic Failures, Editorial	451	Trucks—16 Yd. Dump Trucks Used at San Gabriel and Boulder Dams	437
"Price System" Berated by a Technocrat, Editorial	45	Scientists, the Egotism of, Editorial	163	Trucks—Statistics of for 1932	127
Prices—Will Portland Cement Prices Rise? Editorial	231	Secondary Road Construction Policies in Iowa Counties	272	U	
Prices and Wages, the Future of, Editorial	122	Secondary Roads (see County and Township Roads)		Unemployment, Public Works for Relief of	145
Progress in Road Machinery, Fifteen Years of, Editorial	308	Seviston, Z. E., Retires as Head of Wyoming State Highway Department	203	Unemployment Relief, an Alternative to Diversion of Gasoline Taxes for, Editorial	122
Public—How to Keep Highway Improvement Sold to It	293	Sheets, Frank T., Made Consulting Engineer for Portland Cement Association	315	Unemployment Relief in Union County, New Jersey	414
Public Works Bill, Special Provisions for Highway Projects Under	256	Signals—Traffic-Actuated Control System as Adopted in Montreal	369	U. S. Bureau of Public Roads in Review—Progress, Organization, Activities	5
Public Works—For What Kind of Public Works Is the Latent Demand Greatest? Editorial	194	Signs, Comparative Visibility of	358	Up-Keep of Roads and Car-Mile Costs	199
Public Works—"It Is Up to the Cities," Says Secretary Ickes	355	Signs—Highway Map	168	V	
Public Works and National Economic Stability	427	Signs for Highways, Editorial	46	Viaduct Pavement—Jersey City—Newark	430
Public Works in Pennsylvania, Advance Planning of	223	Signs, How to Place Them for Night Driving	75	W	
Public Works Projects, State Advisory Boards Appointed to Pass on—Personnel by States	290	Signs—Reflecting Buttons Improve Highway Warning Signs	401	Wages—Relation of Money Wages to Per Capita Money for 96 Years	148
Public Works—Regional Advisors Appointed for Federal Program	300	Signs—Save British Traffic Signs	456	Wages and Prices, the Future of, Editorial	122
Public Works Section of National Recovery Act	253	Single Track Concrete Roads, Engineering and Grading Policies	21	Wages on Federal-Aid Highway Projects, 1922 to 1932	331
Purdue Road School	28	Snow Removal Methods and Equipment on Mountain Highways of California	346	Weather Cycles That Invert Their Phases, Editorial	232
Racketeering, Editorial	163	Snow Removal and Winter Road Maintenance in Ontario	382	Welding Aids in Weight Reduction of Remodeled Bridge	432
		Social Factors in Development of Regional Highways	219	West Side Elevated Highway, New York City	218
		Societies and Associations—Lists of Officers and Activities	48	Widening Three-Mile Section of Roosevelt Road, 30 Miles West of Chicago	285
		Society of Automotive Engineers—Officers and Activities	50	Winter Maintenance and Ice Control on Highways	438
		Speed—Relation to Highway Capacity	28	Winter Road Maintenance in Ontario	382
		Stabilization (see Calcium Chloride)		Wisconsin—Merger of Five Counties in One	207
		State Advisory Boards Appointed to Pass on Public Works Projects—Personnel by States	290	Wooden Bridge Beams—Old Problems Solved	280

AUTHOR'S INDEX

Bracken, E. L.	204	Harrison, J. L.	142	Normann, O. K.	97
Brannon, Luke	85	Hartford, F. D.	391	O	
Brown, Victor J.	46, 74, 79, 328	Hogentogler, C. A., Jr.	359	Ogden, M. M.	278
Burch, James S.	213	Hubbard, Prevost	19, 87	P	
C		I		Peabody, L. E.	208
Clemmer, H. F.	184, 264	Immel, Harry D.	187	Pulcher, M. L.	69
Conner, C. N.	199	J		R	
Conzelman, J. H.	147	Johnson, Pyke	58	Runner, D. G.	301, 405
Crandell, John S.	158	K		S	
D		Kirschbaum, L.	150	Saunders, W. L.	382
Dodds, Robert B., Jr.	369	Kleinert, Albert E., Jr.	332	Schlesinger, Geo. F.	1
E		L		Schon, Pierre	441
Eckles, Samuel	373	Lackey, J. M.	321	Schuyler, P. K.	146
Erskine, A. R.	137	Lewis, Samuel S.	309	Seanoir, Harry E.	67
F		Long, Joe L.	227	Smith, C. E.	272
Fisher, Charles T.	156	M		Smith, Ernest N.	71
Fitch, S. E.	197	MacDonald, Thomas H.	101, 395	Spann, William M.	168
Forster, W. S.	120	Marden, L. O.	164	Studebaker, Geo. W.	298
Frankland, F. H.	109	Martin, George E.	414	T
